At Avoca Public School we offer our students a broad range of educational opportunities in a safe, caring and attractive environment.

Our school has a long tradition of educational excellence and involvement in the community.

While academic excellence is highly valued, our school is committed to encouraging all students to participate in a wide range of learning activities; cultural, sporting and social. We achieve this by regularly joining other small schools in our area for performances, sports days, dance and music workshops, and visiting speakers.

Independence and leadership is encouraged among all students and the small, integrated student body allows great flexibility in activities and programs.
